From the Desk of the Head of the Department :

Students can play an important role in improving and strengthening the society. Every student is a shining star of our country. The process of learning is extremely important in life. What you learn, how you learn, where you learn play a pivotal role in developing ones intellectual capability, besides career. The prime motive of the department of Political science is to provide quality education to our students, to create well trained human resources who will be intellectually, physically and culturally strong and will involve themselves in all round development of our country. Our department has recorded consistent improvement in its academic and placement performance. We have been trying to provide the best platform to the students so that they can develop themselves to the optimum level. A large number of our brilliant students have been recruited in government services. Thus we are confident that our students will emerge as assets not only to this institution and to organization they belong ,but also to the country at large. Sincere thanks to respected Principal sir, my colleagues and my dear students.

EDITORIAL

The Political Science Department established in 1961 has been doing an exceptional job from its inception. This year, the department has taken a decision to release a news letter annually. The first issue attempts to capture as much of the departments activities. We request everyone to read and provide valuable insights, so that we can improve our news letter for the next edition.
